Dear Applicant

**Freedom of Information Act 2000 – Request for Information – NHS North East and North Cumbria Integrated Care Board (NENC ICB)**

Thank you for your request received on 31 March 2025 for information held by NHS North East and North Cumbria Integrated Care Board (the ICB) under the provisions of the Freedom of Information Act 2000. The ICB covers the areas of County Durham, Newcastle Gateshead, North Cumbria, North Tyneside, Northumberland, South Tyneside, Sunderland, and Tees Valley.

Please find the information you requested on behalf of the ICB as follows.

**Your Request**

I am writing to request information under the Freedom of Information Act 2000 in relation to palliative and end-of-life care services commissioned or provided within your Integrated Care Board (ICB) area.

I would be grateful if you could supply the following information for each financial year from 2010/11 to 2024/25 (to date), in so far as it relates to services provided within your ICB region. Where data for earlier years is not held, I would appreciate any direction towards relevant predecessor organisations (e.g. Clinical Commissioning Groups or Primary Care Trusts), or any reports or summaries indicating how provision has changed over time.

1. Palliative Care Workforce within Your ICB Region

Please provide, for your ICB area:

- The number of Consultant Palliative Medicine doctors (headcount and full-time equivalent), either directly employed or commissioned.
- The number of District Nurses providing palliative or end-of-life care (headcount and FTE), whether directly employed or commissioned.

If available, please also indicate:

- Whether the nursing staff are designated as generalist or specialist in palliative care;

- The employing or contracting body (e.g. NHS trust, community provider, or voluntary sector organisation).

## 2. Hospice Provision and Funding within Your ICB Region

For each hospice provider located in your ICB area and funded or commissioned during the relevant period, please provide:

- The number of inpatient hospice beds (or equivalent bed capacity).
- The total annual funding provided to each hospice.
- The nature of the funding arrangement (e.g. block contract, grant, or other).

## 3. Service Notifications Since April 2024

Since 1 April 2024, have any hospice or palliative care providers operating within your ICB region formally notified the ICB of:

- Reductions in service provision.
- Inpatient bed closures.
- Staffing reductions or redundancies.
- Changes to community-based palliative care provision.

If so, please provide details, including dates, the nature of the changes, and any reasons provided.

## 4. Additional Information

- Has hospice funding for 2024/25 been increased, reduced, or maintained at the same level as in previous years? Please provide details.
- Has your ICB undertaken or commissioned any review, mapping exercise, or needs assessment of palliative and end-of-life care services within your region in the past five years? If so, I would be grateful to receive a copy or summary of any findings.

If responding to this request in full would exceed the cost limit, please prioritise data from the most recent five financial years (2020/21 to 2024/25) and kindly advise how I might further refine the request to fall within the statutory limits.

Please do not hesitate to contact me should you require any clarification or any additional information.

## **Our Response**

We can confirm, as per Section 1(1) of the Freedom of Information Act 2000, the ICB holds some of the information you have requested. NENC ICB did not come into being until July 2022, therefore the ICB does not hold complete data prior to this point.

In response to question 1, we can confirm, as per Section 1(1) of the Freedom of Information Act 2000, the ICB on this occasion is not able to provide the requested information. In line with your rights under section 1(1)(a) of the Act to be informed whether information is held, we confirm the ICB does not hold any of the information requested. However, we have determined that the information is held by the acute hospital NHS foundation trusts (FTs) within the North East and North Cumbria region.

In accordance with our duty under s.16 of the FOIA to provide reasonable advice and assistance to an individual requesting information, we have provided the FOI email addresses for those foundation trusts to make your request.
